MATI DENTAL
AND IMPLANT CENTER

Guided Implant Live Surgery Course

6 CE | Soft Tissue | Implants

December 11, 2026 | Friday

Mati Dental and Implant Center

6177 Orchard Lake Rd Ste 210, West Bloomfield Township, 48322, MI, USA

Lecture

Observation Surgery

COURSE DESCRIPTION

A one-day immersive program covering diagnosis, digital planning, guided surgery, and prosthetic considerations for implant treatment.

Participants will observe a live guided surgery involving the placement of two MegaGen Blue Diamond implants using a sleeveless guided system, followed by a discussion of restorative principles and soft-tissue management.

COURSE OBJECTIVE

By the end of the course, clinicians will be able to:

- Evaluate treatment options for implant placement.
- Master CBCT-based planning and a sleeveless guided workflow.
- Review the surgical sequence for guided placement of two implants.
- Understand key restorative considerations following implant placement.
- Discuss maintenance and long-term peri-implant health protocols.
- Explain restorative principles and prosthetic considerations following implant placement.
- Apply digital planning principles to improve implant positioning and surgical accuracy.

TARGET AUDIENCE

Dentists. No pre-requisites required

ABOUT THE INSTRUCTORS

Suhail Mati

DMD, FAAID, DABOI / ID

Dr. Mati graduated from the prestigious Tufts University School of Dental Medicine out of Boston, Massachusetts, in 2003. Following dental school, Dr. Mati completed an externship at the Misch Implant Institute, followed by the completion of a one-year comprehensive residency program in implant dentistry at the Medical College of Georgia's MAXI course. His advanced training in dental implantology and expanded knowledge of general dentistry help to make Advanced Dentistry Center the place you can trust for your family.

He served as an adjunct clinical instructor at the University of Detroit Mercy dental school and has also served as a counsel member of the American Academy of General Dentistry. He has presented table clinics at national meetings, as well as lectured at study clubs and local meetings.

He has been a member of the American Academy of Implant Dentistry (AAID) since 2006 and has been an Associate Fellow since 2008. He is currently serving as the President of the Central District of the AAID.

He has completed over a thousand hours of dental implant continuing education and has placed and restored over 3000 implants. He is a Board-Certified Diplomate of the American Board of Oral Implantology/Implant Dentistry, and an Associate Fellow of the American Academy of Implant Dentistry (AAID). Dr. Mati is also a Diplomate with the International Congress of Oral Implantologists (ICOI).

Disclosure: The speaker reports no relevant financial or non-financial conflicts of interest related to the content of this course.
