

Immediate Molar Implants Study Club

2 CE

Immediate

Socket Preservation

Naeem Etemadi
DDS

 October 22, 2026 | Thursday

 FICO Building

12790 El Camino Real, San Diego, CA 92130, USA

COURSE DESCRIPTION

Join us for a 2 hour lecture and dinner led by Oral and Maxillo Facial Surgeon Dr Naeem Etemadi.

Dr. Etemadi will be discussing the overall benefits of Immediate Implant placement from a dentist and a patient perspective. He will touch on the indications for Immediate Implant placement, including the ability to gain initial stability in sockets with very little bone present. Dr. Etemadi will discuss how to identify candidates for Immediates and the restorative outcomes that can be achieved.

COURSE OBJECTIVE

By the end of the course, clinicians will be able to:

- Learn the surgical and prosthetic benefits of placing implants at the time of extraction.
- Identify the prosthetic considerations of Immediate Implant placement.
- Understand the role that Implant design plays in the ability to gain initial stability.
- Learn the Indications and contraindications of Immediate Implant Placement.

TARGET AUDIENCE

Dentists. No pre-requisites required

05:30pm - 06:00pm Registration

06:00pm - 08:00pm Lecture

08:00pm - 08:30pm Q & A

ABOUT THE SPEAKER

Naeem Etemadi

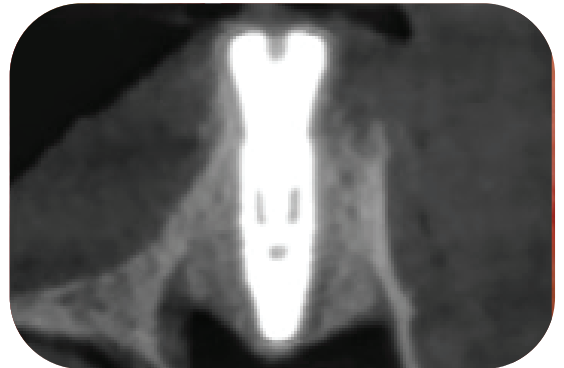

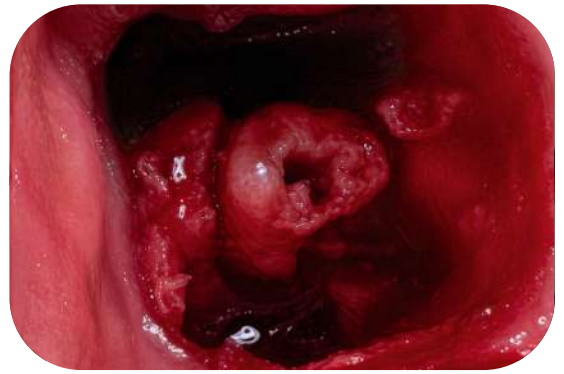

DDS

Dr. Etemadi graduated from UCLA in 2013 before earning his Master's Degree in Oral Biology from New York University in 2014. He then completed his dental degree at the NYU College of Dentistry in 2018. Following dental school, he pursued advanced training in oral implantology under the late Dr. Hilt Tatum, a pioneer in implant dentistry, and later became an Associate Fellow of the American Academy of Implant Dentistry.

Known for his precision-driven approach, Dr. Etemadi performs all surgeries under a microscope and has built an in-office dental lab to provide patients with comprehensive implant care from start to finish under one roof. This allows him to maintain exceptional control over every phase of treatment, from surgery to final restoration.

Outside of dentistry, Dr. Etemadi enjoys playing piano, producing electronic music, and spending time with his wife.

Disclosure: The speaker reports no relevant financial or non-financial conflicts of interest related to the content of this course.
