MINEC

MegaGen International Network of
Education & Clinical Research

MegaGen International Network of Education & Clinical Research was founded as a non-profit organization in Korea in 2002.

As part of its mission, MINEC strives to improve the quality of patient care around the world. We provide clinicians with a platform for the exploration of the important questions of WHY, HOW, and WHAT for the future of implant dentistry by connecting them together.

Mission & Vision

To inspire hope and contribute to health and well-being by providing the best care to every patient through integrated clinical practice, education and research. MINEC Implant Center will provide an unparalleled experience as the most trusted partner for healthcare and Education. In order to be trusted, we must be safe and truly appreciate the opportunity to serve both patient and students needs. Thank you for trusting MINEC Implant Center with something very valuable to you: "Your Education and Your health."

Third-Party Services

Our institute collaborates with trusted third-party service providers to enhance your experience. The use of these third-party services is entirely optional and you may use your own services if preferred. Please note that any services provided by these third parties must be arranged and paid for directly by the customer. In Tijuana, Mexico, cash payments are strongly preferred, as the availability of services may be significantly restricted otherwise.
