MEXICO LIVE SURGERY COURSE

2023
JULY**23-26**2023
NOV**4-7****Dr. Isaac D. Tawil, Dr. Scott D. Ganz****TIJUANA, MEXICO**
TIJUANA, BCN MEXICO

AIE is designed to promote exceptional skills to surgeons who wish to acquire superior implant dental techniques. Our faculty have extensive implant experience and are experts in educating you with the latest innovations and ethical models.

This intensive four day Live Surgery is limited to twelve clinicians and gives you the opportunity and confidence to practice innovative approaches to bone regeneration, tissue engineering, sinus lift techniques, implant placement, and other surgical procedures. Patients are pre-selected with various levels of surgical complexity to match your clinical skills. All surgeries are performed at the free dental clinic.

All participants receive temporary work permits from the Mexican Department of Health. Participants can place between 15 to 35 implants depending on the complexity of the cases and doctors skill level.

We hope you will join us in our mission to improve the quality of life to our patients and benefit from this unique opportunity. If you would like more information about the courses we offer, please visit our website at www.minecamerica.com

About the Presenter:**Dr. Isaac D. Tawil**

Dr. Tawil is Co-Director and Founder of AIE Advanced Implant Education. He is a Diplomate of International Academy of Dental Implantology and runs his private practice, Tawil Dental, in Brooklyn, New York.

**Dr. Scott D. Ganz**

Dr. Ganz graduated from the University of Medicine and Dentistry - New Jersey Dental School and then completed a three-year specialty program in Maxillofacial Prosthetics.
