LIVE SURGERY COURSE ALL PERFORMED BY YOU ON LIVE PATIENTS

2024
DEC

WED - SAT

4-7

Dr. David Suh

HYATT PLACE TIJUANA
CALLE IGNACIO ZARAGOZA 9NA 8471
COLONIA ZONA CENTRO CP.22000
TIJUANA, MEXICO

This intensive 4 day Live Surgery is limited to eight clinicians and gives you the opportunity to practice innovative approaches to bone regeneration, tissue engineering, sinus lift techniques, implant placement, and other surgical procedures. Patients are pre-selected with various levels of surgical complexity and matches to your clinical skills. All surgeries are performed at the free dental clinic. All participants receive temporary work permits from Mexican Department of Health. Participants place between 15 to 35 implants depending on complexity of cases.

Learning Objectives:

- Learn implant Placement Techniques
- Understand Piezo-electric Surgery Technique
- Discover Centrifuge Techniques for Fibrin Membrane Preparation
- Learn Harvesting Technique of Growth Factors
- Understand Ridge Split Techniques with Implant Placement
- Discover principles of Socket Grafts
- Understand Sinus Elevation Techniques:
 - Lateral Window
 - Crestal Membrane Elevation
- Learn Membrane Repair Techniques
- Master Flap Design and Suturing Techniques

Who Should Take This Course:

Doctors beginning to place implants or those who wish to improve surgical skills and learn advanced techniques utilized in implant placement and grafting
